**Notes for Current Month NTA Position:**

- (1) The Company's investments in Associated Entities (i.e. in which the Company has a greater than 20% interest) are accounted for under the equity method in the consolidated financial statements.

Under the equity method, the carrying amount of each such investment is cost plus a share of the Associate Entity's net profit or loss (after tax) for the financial year to month end as provided to the Company by each such Associated Entity.

Accordingly, as at 31 March 2008 the Company's:

- (i) 28.80% interest in BEL has a carrying value of \$0.3308 per share (\$3.833m); this compares with BEL's last bid price on ASX of \$0.290 per share (\$3.361m) and BEL's after tax NTA backing of \$0.4256 cents per share (\$4.932m) at month end;
  - (ii) 28.47% interest in SCB has a carrying value of \$0.9632 per share (\$5.413m); this compares with SCB's last bid price on ASX of \$0.650 per share (\$3.653m) and SCB's after tax NTA backing of \$0.9504 per share (\$5.341m) at month end.
- (2) The fair value of the Consolidated Entity's investments in other listed securities are based on each securities' last bid price on market at month end.
- (3) The fair value of the Consolidated Entity's investments in unlisted options, being the following unlisted options in ASX listed Strike Resources Limited (SRK), is based on a Black-Scholes options pricing valuation model:
- (a) 1,833,333 options, each to acquire one SRK share at an exercise price of 20 cents, on or before 9 February 2011; and
  - (b) 1,666,667 options, each to acquire one SRK share at an exercise price of 30 cents, on or before 9 February 2011.

This valuation has been calculated using the Black-Scholes option-pricing model applying the following assumptions:

- (i) SRK's share price being \$2.61 as at 31 March 2008 (29 February 2008: \$1.95). The Company notes that SRK's closing price was \$2.27 on 11 March 2008;
  - (ii) A risk free rate of return of 6.17% (based on the 3 year bond yield as at 31 March 2008).
  - (iii) An estimated future volatility of SRK's share price of 80%.
- (4) The Consolidated Entity's investment in real property is carried at cost.
- (5) The Consolidated Entity's investment in the Koorian Olive Grove comprise a 143 hectare property, approximately 64,500 (8 year old) olive trees, an approximately one gigalitre per annum water licence (carried at cost) and depreciable plant and equipment and other grove related infrastructure.
- (6) Tax Provision Item (c) includes a provision for income tax on net unrealised gains on the Company's investments in securities and its share of Associated Entities' after tax net profit for the month (deferred tax liability) and the recognition of future income tax benefits on net unrealised losses on the Company's investments in securities and its share of Associated Entities' after tax net loss for the month (deferred tax asset).
